ABOUT ME

SEO Specialist with 1 year of experience in on-page, technical SEO, off-page, and local SEO, helping improve website visibility, search rankings, and organic traffic. Skilled in conducting keyword research, website audits, technical SEO analysis, content optimization, internal linking, and SEO performance monitoring. Experienced in using SEO tools to identify website issues and implement data-driven optimization strategies.

WORK EXPERIENCE

RUN DIGITAL

2025 – 2026

SEO SPECIALIST

- Perform on-page, technical, off-page, and local SEO activities for client websites.
- Conduct keyword research and identify relevant search opportunities.
- Optimize title tags, meta descriptions, headings, URLs, and website content.
- Perform technical SEO audits to identify and resolve website issues.
- Analyze website crawling, indexing, canonicalization, redirects, and sitemap issues.
- Improve internal linking structures and optimize anchor text.
- Optimize images, including file sizes, filenames, and alt text.
- Implement and review structured data and Schema markup.
- Conduct competitor analysis to identify SEO opportunities and content gaps.
- Monitor website performance using Google Search Console and Google Analytics.
- Analyze organic traffic, keyword rankings, clicks, impressions, and SEO performance.
- Assist with local SEO and Google Business Profile optimization.
- Identify website performance issues using Google Lighthouse.
- Use SEO tools such as Screaming Frog, SEMrush, Ahrefs, and Wappalyzer for website analysis.
- Optimize website content based on search intent and target keywords.
- Implement SEO recommendations using WordPress and website builders.
- Monitor SEO changes and prepare reports based on website performance.
- Stay updated with search engine algorithm changes and current SEO best practices.
